SUMMARY

Seasoned professional detail-oriented and goal-driven manager with 9 years of information technology management experience, bolstered with an additional ten years of domestic and international policy research, all in a variety of organizations. Seeking to be challenged in an energetic work environment, to which will be brought a high-level of leadership, organizational, and quality-focused skills.

PROFESSIONAL

EMERGING HEALTH INFORMATION TECHNOLOGY - Yonkers, NY 8/08-Present

Emerging Health Information Technology is a subsidiary of Montefiore Medical Center. Our Lady of Mercy Medical Center was acquired through an asset acquisition by Montefiore Medical Center in July 2008. The information systems department at OLM was folded into Montefiore's division.

Project Manager, Patient Care Systems

- Managing a team of analysts maintaining the clinical information systems for multiple hospitals.
- Working with multiple client facilities to manage, maintain, and enhance their clinical applications.
- ITILv3 Foundations Certified

OUR LADY OF MERCY MEDICAL CENTER - Bronx, NY

1/99-8/08

Manager, Clinical Applications (2002-Present)

Clinical Analyst, Systems Analyst (1999-2002)

- Managed a team of clinical analysts that maintained the hospital's clinical information system.
- Worked closely with all hospital departments and co-managed a five-million dollar budget.
- Implemented, as part of a team, the new hospital-wide clinical information system in 1999.
- Managed and assisted in rolling out new major and ancillary clinical and non-clinical applications.
- Rolled-out the FormFast document management system which captures data from the clinical system and is used to print clinical forms and labels throughout the hospital and clinics.
- Responsible for routine software and major version upgrades as well as system maintenance, report writing, troubleshooting, and training oversight. This included application installations, management, maintenance, and oversight of other facility-wide or department specific applications.
- Responsible for assessing user requirements for application rollouts and modifications.
- Worked directly with vendors including conducting meetings, demonstrations, implementation work, and ongoing maintenance.

PPS CONSULTING - New York, NY

4/98-12/99

Consultant

- Recruited to build web sites for units of the National Research Council.
- Utilized remote networking and knowledge of HTML coding to develop web site ideas and structure and present them to customers.
